

The Aspire Academy Trust

Our 'Local Offer' for Special Educational Needs and Disability (SEND)

Mawgan in Pydar School is a vibrant, happy and exciting primary school which aims to develop each individual in a caring, family atmosphere. The children, staff and parents are extremely proud of our school and we aim to be inclusive of all children whatever needs they may have. The education we provide is tailored to meet individual needs both inside and outside of the classroom environment. Staff at Mawgan in Pydar School are trained to cater for the needs of the children in their care and many staff have had additional training specific to individual children. We are committed to narrowing the gap between SEND and non-SEND pupils. We do this through a variety of different provisions which may include short-term specific interventions, 1:1 sessions, home-school interventions, other learning interventions developed on an individual need basis as well as support from external agencies where appropriate. Every child at Mawgan in Pydar School has the opportunity to follow all subjects in the Primary Curriculum and / or access all areas of learning in the Early Years Foundation Stage, the planning and delivery of which is differentiated by our talented team of teachers and their assistants.

1. Pupil progress

Pupil progress is monitored, at least termly, through the collection of data and termly progress meetings. During these meetings, the SENDCo, class teacher and Head of School will look closely at the progress that has been made. Provision will be adapted as a result of the meeting. Progress will also be monitored through the pupil's IEP targets. After each cycle, the plan will be reviewed and progress towards each target will be monitored. New targets will be set according to the progress made and provision adapted accordingly.

2. How we know how good our SEN provision is

Rigorous monitoring of the SEN provision is in place. This is a triangulation of information involving the pupil data; book looks and learning walks; and discussions with parents, pupils and staff. When this information is collated together we can see the impact that provision is having for the pupils. The school also uses the Aspire SEN charter Mark as a way of gauging the quality of Provision. This is a set of standards which have been written, using the Code of Practice 2014, to ensure expectations are in place. Mawgan in Pydar School have achieved the Silver award.

3. If you wish to complain

In the first instance, the class teacher is the best person to speak to. Following this, the SENDCo, then the Head of School are the next points of contact. If you would like support from outside of the school, SENDIASS are able to offer impartial information, advice and support. They can be found at: <https://www.cornwallsendiass.org.uk/>

Answers to Frequently asked Questions

1. How does your school know if children/young people need extra help?

Our school has an 'open door' policy to parents and have extremely well-developed links with the parents of the children that attend Mawgan in Pydar School. Children who may be vulnerable or those who are causing a concern to staff in terms of behaviour or academic progress, for example, are regularly discussed and reviewed by staff. Children's progress and behaviour are monitored through termly tracking systems. If a child transfers to our school from another Primary school then we always do our utmost to find out as much information as possible about that child from both parents and the child's previous school. If there are external professionals involved with that child then their opinions and reports are sought after to ensure that we get the full picture of that child.

2. What should I do if I think my child may have special educational needs?

If you think that your child may have a special educational need then talk to us. We are here to listen and to help. You should talk to your child's class teacher in the first instance and then after discussion they may set up a meeting with the Special Educational Needs and Disability Co-ordinator (SENDCo) and / or the Head of School. Following these meetings steps will be taken to address any concerns you may have about your child.

3. Who is responsible for the progress and success of my child in school?

The progress and success of your child in school is everyone's responsibility. By 'everyone' we mean all school staff, parents as well as the child themselves. Termly progress meetings with staff ensures progress is tracked and monitored appropriately. Where necessary, specific and targeted intervention support will be deployed.

4. How will the curriculum be matched to my child's needs and how will their needs be supported?

At Mawgan in Pydar School we are flexible and creative with our approach to the Early Years Foundation Stage Framework and Primary Curriculum and plan lessons to be accessible for all. In all classrooms there are three 'waves' of support: Wave 1 – support and resources available to everyone in that class; Wave 2 – support and resources available or tailored for small groups of children; and Wave 3 – support and resources specifically designed for or accessible by individual children. All lessons are differentiated appropriately according to the needs

of the children in that class or group whether it be by the amount of support children will receive, resources they may use or the expectation the teacher has of those children when that lesson is finished.

Children are sometimes withdrawn from the classroom in small groups or on a one to one basis for more intensive support from a teacher or teaching assistant, or to take part in an intervention program designed to meet and support the needs of that individual or group of children. Children may also be withdrawn by staff for physiotherapy sessions or individual speech therapy support.

5. How will I know how my child is doing and how will you help me to support my child's learning?

Mawgan in Pydar School operates an effective 'open door' policy to create a constant positive dialogue with parents. In addition to this staff may ask to speak with parents at the end of the school day, parents are invited to attend Parent Consultations in every term, and in the Summer term annual reports are sent home to parents, after which parents may request an additional consultation with their child's class teacher if they wish. We also hold many informal sessions throughout the year where parents can come to drop in sessions to work alongside their child. All of this constant dialogue between school and parents will help you to support your child's learning at home and inform you of how they are progressing in school. If at any time you wish to discuss your child then meetings can be arranged with class teacher and / or the Head of School at your request.

6. What support will there be for my child's overall well-being?

Your child's overall wellbeing will be constantly supported in school in a variety of ways. We will help them to be healthy by ensuring that they enjoy good physical and mental health as well as encouraging them to live a healthy lifestyle; we will keep them safe by protecting them from harm and neglect; we will help them to enjoy life and achieve well by giving them opportunities to make the most out of life and by beginning to teach them the skills they need for adulthood; we will help them to make a positive contribution to school, the community and society by being involved in the community and society and discouraging involvement with anti-social or offending behaviour; and we will contribute to their economic well-being by ensuring that they are not prevented by economic disadvantage from achieving their full potential. As a school, we are all trained with a basic understanding of Trauma Informed Schools:UK – a program which underpins the school ethos and supports pupils with their emotional health and well-being. We have designated TiS:UK practitioners who work closely with identified groups and individuals to give further targeted support.

7. How do I know that my child is safe in school?

At Mawgan in Pydar School we have a variety of measures, policies and procedures in place to ensure that your child is safe. All staff are checked by the Disclosure and Barring Service (DBS checks previously known as CRB checks) and have tier 2 child protection training. There are also named members of staff who are trained to tier 3 in child protection. We have a safeguarding policy and have risk assessments in place for a wide variety of activities and situations that may arise.

8. What specialist services and expertise are available at or accessed by your school?

A list of specialist services used by the school and are accessible to us are on the Family Information Service website.

<http://www.cornwallfisdirectory.org.uk/kb5/cornwall/fsd/home.page>

9. How will my child be included in activities outside the classroom including school trips?

Everyone is included in everything at Mawgan in Pydar School. Activities outside the classroom are a part of everyday life for us and we undertake a wide variety of school trips throughout the year. All children are encouraged to take part in after school clubs, and those children who need it are supported appropriately. The same applies when it comes to trips and camps and adaptations are made where necessary to ensure that every child is included whilst at the same time carefully ensuring that those adaptations do not affect the experiences of other children.

10. How are the school's resources allocated and matched to children's special educational needs?

Each year the school decides on an allocation of money for special educational needs (SEN). For all children on the school's SEN register the school itself is expected to meet the first £6000 of any resources and support required by each individual child. For those children with an Education, Health and Care Plan, spending above the £6000 may be claimed back from the local authority up to a limit set by the resources provided by the statement. In addition to this, these children also have access to free resources and support from external professionals such as Educational Psychologists for example. In-school resources and support are detailed in Individual Educational Plans (IEPs). These plans are individually tailored to each child on the SEN register and specify which resources will be used to support that child, how much support they will receive and whether any additional adult support will be used.

11. How is your School Offer reviewed?

Our School Offer is reviewed on an annual basis using feedback from a range of sources alongside recent training and CPD.
